City and County

Robert Fortado is visiting relatives in Assumption.

Alvin Taylor was here from Sinclair Thursday.

E. D. Wilson was in Franklin on business Thursday.

Miss Olive Shuff, of Waverly, was a Thursday visitor here.

Ross Hutchinson attended the fair in Griggsville yesterday.

E. J. Hawlings was in Murrayville on business yesterday.

Dr. Scott, of Peoria, was a business visitor here yesterday.

Lewis Gowan, of Danville, was a visitor in the city yesterday.

Leland Wemple, of Waverly, is visiting in the city for a few days.

W. B. Conover, of Virginia, spent Thursday in the city on business.

Calvin Bealmer, of Sinclair, spent Thursday in the city on business.

P. B. Thaxton, of Glasgow, was a Thursday guest in Jacksonville.

\$2.50 to Chicago via the Wabash Saturday, Aug. 8th.

Joel Strawn was in from Orleans on business Thursday.

Mrs. Joseph Salter is visiting friends in Franklin for a few days.

Mrs. Albert Wells and children are visiting for a few days in Manchester.

O. S. Rand, of Carthage, was a business visitor in the city yesterday.

Mrs. L. H. Pratt and Miss Nellie Wilson spent Thursday in Griggsville.

Mr. and Mrs. Edward Brown, of St. Louis, are guests of M. B. Hubbard.

Henry Savage, of Virginia, was a business visitor in the city yesterday.

Miss Lillian Lanier, of Loder, Ill., is the guest of Mrs. George Hamilton.

Buy your oil, paint and roofing at Wilsonville; cheaper than Jacksonville.

L. F. Shoemaker, of Raymond, spent Thursday in the city on business.

Miss Laura Shuff, of Waverly, was a shopping visitor in the city Thursday.

Rev. W. W. Wharton, of St. Louis, was a business visitor in the city yesterday.

David Benton and daughter, of Waverly, were Thursday visitors in the city.

Dr. G. W. Miller, of Woodson, was in the city on professional business yesterday.

Mrs. Lou Savage, of Ashland, was among the Thursday visitors in Jacksonville.

Mrs. Chris Zimmerman has returned from a visit with her sister in Sinclair.

The loss to J. Cohen's warehouse was covered by tornado insurance with C. H. Ward.

The South Side Aid society will meet this afternoon at 2 o'clock at the mission.

Seligman Bros. are in a position to fill your orders with Athens screened lump coal.

Wanted—Three or four carpenters for School for the Deaf.

Miss Barbara Hart and Miss Desau Duncan, of Franklin, are guests of relatives and friends in the city.

Miss Pearl Cannon will spend her vacation with her sister, Mrs. Edwin Mitchell, in Wichita, Kan.

Mrs. Joseph Jackson returned Thursday from Battle Creek, Mich., where she has been visiting with her mother for several weeks.

Miss Anna Noelsch, of Virginia, was visiting with friends here Thursday.

Mrs. Will Gillham has gone to Montezuma to spend a few days at the home of Miss Grace McEvers.

Charles F. Charles and W. A. Simpson, of Waverly, were Thursday visitors in the city.

Miss Jesse Beckwith, of Chicago, is visiting at the home of Mr. and Mrs. G. S. Russell.

Mrs. Ed Hale has ended a visit with friends in the city and returned to her home in Decatur.

Miss Ruth Peters, of St. Louis, is visiting her sister, Miss Ethel Peters, for a few days.

Mrs. Mary Walters, of Waverly, is visiting her daughter, Mrs. Will Walters, for a few days.

Miss Minnie Bealmer and Charles Bealmer, of Sinclair, left Thursday for Paris, Mo., for a brief visit.

Mrs. T. L. Cannon and children and Mrs. Kelly have gone to Petersburg to attend the Old Salem Chautauqua.

Frank Vickery, deputy county clerk, has returned from a two weeks vacation spent at Lake Bluff and Chicago.

Mrs. M. L. Roberts and Mrs. Bertha Wiggs, of Franklin, were shopping visitors in the city Thursday.

Misses Hazel and Mary Ellis, of this city, have been the guests of Miss Myrtle Reece, west of the city for the past two weeks.

Mrs. Louise Anaya, of New Orleans, La., is visiting at the home of her aunt, Miss Nellie Z. Roberts, 334 West State street.

Miss June Boddy, who has been visiting her sister Laura, south of Lynnville, returned to Jacksonville Thursday.

Cully & Metz's barber sign was blown away in the storm Wednesday and has not yet been recovered. It was a heavy wooden affair, three feet square.

Miss Edith Merrill, of Newton Center, Mass., who has been a guest at the home of Miss Grace Greenleaf, left Thursday for Ft. Dodge, Iowa, where she will visit friends.

Mr. and Mrs. A. S. Baldwin, Mr. and Mrs. Alex. Campbell, Misses Isabella Baldwin and Alice McCullough are spending an outing of two weeks in camp at Old Salem Chautauqua.

Mrs. Cora McCullough and son Freddie, of Jonesboro, who have been visiting at the home of Mrs. L. McCullough on East State street, returned home Thursday.

Major Edward McLaughlin, of Washington, D. C., formerly proprietor of the Dunlap House and well known in the city, is visiting friends for a few days.

SCHOOL TEACHERS NEEDED.

Sioux Falls, S. D., Aug. 6.—There is a decided lack of school teachers in various parts of South Dakota, and it is likely that adjoining states will have to be called on to aid in making up the shortage. The conditions in Kingsbury county give an indication of the situation in a number of other counties in the state. In this county there are 138 schools to be supplied, while there are only about 100 teachers. It is probable that ten or twelve of the schools will not be opened for the fall and winter term, leaving a shortage of about twenty-five teachers. The vacancies will all be in the country schools, where the salaries range from \$30 to \$40 per month, according to the grade of certificate held. It is believed that several hundred schools in the state will be without teachers next winter unless they can be secured from outside.

LICENSED TO MARRY.

Willis True, Liberty; Grace Harmon, Jacksonville.

Jacob Stotta, Pisgah; Mrs. Mary Riekey, Pisgah.

LOST—Purse; contents, gold watch and ring and some change. Finder return to Busby's store, E. State St., and receive reward.

Smoke—"Coarie" So. cigar.

Arrangements Completed For Good Last of Attractions—Aug. 24 to 30 the Dates

Harry Sanger, representing the Bucklin-Darnaby Carnival company arrived in the city yesterday and made all arrangements for making the carnival this month, a sure thing for some time the question has been agitated by the merchants here and at a meeting of the committee yesterday the date was fixed from Aug. 24 to 30, the last week in this month. In securing the Bucklin-Darnaby Carnival company the committee has one of the most up-to-date companies on the road and their exhibitions at other cities have been most successful in every way, several arranging for return dates. This company has some new features in the street fair line, known as show wagon fronts. Each attraction is arranged on wagons, which open up in such a manner that the platform and scenic equipment are made ready for use in a few minutes. Being built on wagons it is very easy to move them about, thus doing away with the old stationary platforms built at different places about the square. Mr. Sanger in looking about the square yesterday gave it as his opinion that there would not be sufficient space to exhibit all his attractions there and many of them will be placed on side streets. The management of this company put strong stress upon the fact that no gambling devices of any kind will be permitted on the grounds where the exhibition takes place and should the local committee in charge allow such to go they will withdraw their show from that locality. Further there will be no women shows in this aggregation, no hoochie koochie performances or anything similar to them. The list of attractions is clean and includes nothing but what the most critical would approve.

Following are some of the attractions listed: "Hagenback's wild animal show," "Thalma, the fire dancer," "The Palace of Illusions," "Lumette, the flying lady," "The Gallatier statue turning to life," "The Old Plantation," "Streets of India," "The Country Circus," "The glass blowers," Bowman & Dodge's electric palace, which was here two years ago. It will again be with this company. It is without doubt one of the best electric theatres on the road. The eruption of Mt. Pelee and the disaster at St. Pierre are exhibitions of the finest colored films ever produced by the Edison people. The funeral of Wm. McKinley, the coronation of King Edward, Barnum & Bailey's circus and other very interesting subjects are shown here. The miniature railroad five blocks long shows the smallest engine and cars in existence which will carry passengers.

A Ferris wheel 75 feet in height also comes with this company, and is the largest one ever made outside the world's fair wheel. Also a merry-go-round. The aggregation travels in a special train of its own and carries with it 150 people. All the attractions are brilliantly lighted by electricity.

This will be known as the Merchants' Street Fair and Corn Carnival and every arrangement made will tend to benefit the merchant in every way possible. There will be five free attractions in the afternoon and five at night. It is hoped to have two parades, a flower parade and merchants' parade. Another novel attraction with this company is the Markee band of Quincy, consisting of eleven boys, all members of one family.

A RETURNED SOLDIER.

Lee Richardson arrived from Chicago last night, accompanied by his mother, Mrs. G. W. Richardson, and his sister, Miss Alice Richardson, to visit relatives and friends in this city. Mr. Richardson has been in the army in the Philippines for the past three years and this is his first visit home. He was mustered out of service at San Francisco a little over a week ago.

BIRTHDAY PARTY.

Miss Ruth Kinnan invited a few little friends Thursday afternoon to help celebrate her eleventh birthday. It is needless to say that the children had a fine time. One pleasant feature of the afternoon was a game contest, in which Mary Alexander took the prize. Dainty refreshments were served after which each child was presented with a little basket filled with candy. These little girls for their friends, wishing their birthdays many more such happy birthdays.

PROPOSALS FOR SCHOOL DESKS.

Scaled proposals will be received by the clerk of the board of education, of the Jacksonville school district, up to noon Sept. 10, 1910, for one hundred and sixty (160) school desks, 20" x 30" (24" high), for the new school building, to be located on the corner of State and Main streets.

Bell and Illinois Phones: Nos. 64.

ILLINOIS EDITORS' OPINIONS.

TRUST NEWSPAPER LOGIC.

Quincy Whig: This is the logic of the Chicago papers and a few truckers elsewhere who continually abuse the governor of Illinois: If anything bad happens in Illinois and Governor Yates is in the state blame him for it because he is in the governor's chair. If anything bad happens to happen while he is away from the state swear that it wouldn't have happened had he been in Springfield.

WILL BE HARD TO BEAT.

Watseka Standard: Friends of Governor Yates—his real friends, not those who are his friends for what is in sight—are lifting up and getting things in shape for a winning campaign. The governor has lots of friends and the fellow who beats him to the wire will know that he's been in a race.

TRUST PAPERS CONDEMNED.

Effingham Republican: The policy of the Chicago trust press in fighting Governor Yates, when his administration has been creditable and in accord with the policy of the party that nominated and elected him, has put those papers in bad repute with the people. They are the mill stone that will swamp the Deane boom for governor.

It matters not if the average Republican be a champion of Governor Yates or not for re-election, he recognizes his duty to his party and the party organization and he will support any man while in office who is in accord with the principles of his party. The methods of the trust press have been to tear down and cripple, if possible, the Republican party to vent their spleen on some officeholder who is in accord with his party.

NO EXCHANGE DESIRED.

Ottawa Republican-Times: A number of the papers of the state have commented on the resolution adopted at the convention of the bankers of this state offering to exchange Governor Yates for Governor Cummins of Iowa. No doubt the resolution was intended to be facetious, but some of the editors are endeavoring to make a point against the Illinois governor to the advantage of the governor of Iowa. With all his faults—little ones, most of them—the governor of Illinois, in our estimation, is a man more deserving the esteem and commendation of Republicans who believe in the time-honored principles of the party which elected him to office than his Iowa executive associate.

No Republican—or Democrat for that matter—is in doubt as to where he stands on the tariff question. He has never uttered sentiments which required an interpreter to explain or which were praised to the highest notch by the enemies of the tariff and of the party. He has not demanded a revision of the tariff on lines suggested by Democratic editors and orators. Nor has he given comfort to advocates of asset currency, to which the Republican party is not committed, and which the ablest and best leaders of the party in the states of the middle west regard as dangerous and exceedingly risky to both the government and party.

Yates has never been compelled to face a repudiation of his tariff sentiments by a state convention of his party, as has Governor Cummins, nor has he arrayed himself in hostility to the platform of his party after its adoption and before the adjournment of the convention. We are not at all in favor of the nomination of the governor for a second term, but we believe that his renomination would be more in accordance with wise party policy than was the renomination of Governor Cummins. We certainly prefer a statesman who is sound on the fundamental policy of protection to American labor and its products and a currency based on government securities than a statesman who is quoted with glee by the party's antagonists and who believes in a change of the currency which has proven to be not only sound, but almost without imperfection, through a period of more than a third of a century. Let those who want the exchange stand pat for the governor of Iowa, but as between the two we are first and last for our own state executive.

THE FIRST "MEDAL OF HONOR."

The medal of honor of the United States is one of the most coveted of military distinctions, says the Inter Ocean, in an entertaining editorial on the subject. It ranks with the British Victoria Cross and the Prussian Iron Cross, and far above the French Legion of Honor of old. The medal of honor as a regular distinction for valor dates from July 12, 1862, but before that medals were given by congress for extraordinary courage and conduct in war.

The first medal awarded was a gold medal voted on March 25, 1776, to George Washington "for his wise and spirited conduct in the siege of Boston." But the first given especially for personal valor, and the first actually struck according to the Journal of the Military Service Institution, was awarded to Daniel B. Frazier,

French volunteer in the American cause.

Chevalier and Viscount de Fleury at the breaking out of the American revolution was major in the Rouergue regiment. Obtaining a leave of absence, he came to America, but was unable to secure a commission. He enlisted in the ranks and soon fought his way to promotion. He was wounded at Fort Mifflin and on the Brandywine, and on Nov. 26, 1777, congress gave him a horse and made him lieutenant colonel, "in consideration of the disinterested gallantry he had manifested."

He led one of the storming parties at Stony Point, was the first to enter the main work, and struck the British colors with his own hand. For this achievement congress voted him a silver medal and subsequently gave him a vote of thanks for his "zeal, activity, military genius and gallantry." On the arrival of Rochambeau he returned to the French service. As his name does not appear in Colonel Powell's carefully compiled list of American officers of the revolution, it must be inferred that he served throughout as a volunteer and was never on our army payroll.

The gold medal voted to Washington was ordered from Paris and was some years in preparation. But the simpler silver medal awarded Louis de Fleury was made in America and was the first distinction of that kind conferred by the United States to be actually delivered to its recipient and to be worn by its winner.

After Yorktown Colonel Fleury served France in India, whence he returned in 1790. He continued in active service until 1792, when, during the retreat from Mons, his horse fell and he was ridden over by a regiment of the enemy's cavalry. Permanently disabled he was forced to retire from the army. But this soldier on three continents and winner of a new nation's first war medal was not permitted to end his days in peace. In 1794 he was executed at Paris, one of the later victims of the reign of terror.

Thus the first man actually to receive a medal for distinguished military service from the United States, after fighting for liberty here and for his own country wherever she sent him, perished at last on the scaffold, a victim of the lynch law into which liberty had degenerated in France.

Legislative Salaries.

Congressmen of the United States are better paid than any other legislators, receiving \$5,000 a year, mileage and stationery funds. Australia allots its senators and members of the house of representatives \$2,000 a year without distinction. New Zealand differentiates. The duties of the lower house being of a more exacting description than those of the upper, its members receive \$1,200 annually as against \$750 paid to those of the other assembly. Senators of the Canadian parliament are rewarded with \$1,500 a year salary and expenses at the rate of \$10 a day during session, with a maximum of \$1,500. Cape Colony is not so open handed, its legislative council and house of assembly drawing \$5 a day per man.

Ireland's Great Astronomer.

Ireland's great astronomer, Sir Robert Ball, has just reached his sixty-third year. It is true that he has been astronomical professor at Cambridge for a decade, but he remains a thorough Irishman still. His career as an astronomer dates back to 1865, when shortly after leaving Trinity college, Dublin, he was placed in charge of the famous private observatory established at Parsonstown, King's county, Ireland. When the possibility of signaling to Mars was under discussion he pointed out that if a flag of the size of Ireland was waved from a pole to match there was just the ghost of a chance that an astronomical Martian might perceive the ghost of a flutter on the earth.

Dazzling Teeth.

The young sultan of Johore possesses a unique peculiarity. Some years ago an accident with a horse resulted in nearly the whole of his teeth being knocked out. These have been replaced by teeth of solid gold, in each of which a large diamond has been inserted, and "as the least flicker of a smile," we are told, "uncovers them the effect is a weird one to beholders, especially when the sun catches the stones and makes them flash fire."

Beefsteak and Onions.

A delicate variation of the somewhat coarse dish, beefsteak and onions, is achieved by rolling three or four chopped onions in a beefsteak, tying securely and leaving the beefsteak overnight in the ice box. Remove the onions and broil, turning frequently. The onions may be fried separately if desired and served as a garnish to those who like them.

When Was Frazier?

While the military service institution is a lovely decorated with clusters and garlands of roses with holly half blown and foliage that suggests a riot of garden bloom. Of course many farmers think that the time has arrived when they can take the winter crop of corn and soybeans.

CITY COUNCIL
IN SESSIONFIRST AUGUST MEETING
HELD THURSDAY NIGHT

Number of Call Firemen Reduced—Carnival Privileges Granted—Land May Be Disconnected—Officers' Reports.

A regular meeting of the city council was held Thursday night. Mayor Davis, Clerk Stewart and the following aldermen were present: Messrs. Kennedy, Hildreth, Babb, Goveia, Cobb, Higgins, Doolin, Moore, Ticknor and McGinnis. The session was devoid of special interest, as most of the business transacted was routine in character. An ordinance for a sewer on Wolcott street was passed and another ordinance passed will do away with six call firemen and add a regular fireman to the department. A permit was granted for the use of the square for a carnival to be given the last week in August. A petition looking toward the disconnection from the city of certain lands near Oak Lawn Retreat was passed. The old engine house on Morgan street is to be leased to the Illinois Telephone company for a term of years. Permission was given the Helm Manufacturing company to have a switch built by the Alton road to their plant. Mr. Gordon was notified that he must remove the old building on the city feed lot.

ORDER OF BUSINESS.

The council was called to order at 7:50 o'clock. The minutes were read and approved.

A petition was read from property owners asking for a light on Chambers street between East and Clay avenues.

Ald. Hildreth offered a motion that the petition be granted.

Ald. Kennedy thought another location on the same street would be better and offered a motion that it be referred to the light committee. This was done.

A petition was read from Schigman Bros., asking permission to build scales back of their building at the corner of the square and Court street.

Ald. Moore was in favor of referring the matter to the city engineer.

The petition was granted. A petition was read from Daniel Babin, Mrs. Gordon, L. Seeburger, Mary Smith and Mamie Price, asking for permission to build a concrete sidewalk in front of their buildings on the square with the customary rebate. This was granted.

A petition was read from the Helm Manufacturing company, asking permission for the Alton road to build a side track to their plant. Ald. Ticknor, for the highway committee, reported in favor of the petition. It was granted unanimously.

A petition was read as follows and was granted unanimously on motion of Ald. Cobb and Ald. Goveia:

To the Mayor and Members of the City Council:

Gentlemen—We the undersigned citizens of Jacksonville, feeling that it would be of interest to our people, especially the merchants of our city, that Jacksonville should have a week of festivity. And we hereby petition your honorable body to grant to us the use of the square and the streets leading thereto for the purpose of holding a corn carnival and week of festivity. We ask for the right to sell the privileges for that week and to have control of the streets during the week of Aug. 24 to 30 inclusive. We wish to assure your honorable body that all attractions will be placed upon the brick pavement and not in the public park. We guarantee under our signature to give to the city of Jacksonville a clean, moral corn carnival and street fair. And we will leave the public square and streets in as good condition as we received them.

C. G. Rutledge.

J. R. Robertson.

L. Seeburger.

Ald. Kennedy thought it better to use part of the park and so save the pavement and walks.

Mayor Davis was opposed to having the park marred, as it is now in good condition. He called attention to the fact that the petition stated that the petitioners would restore the square and streets to their original condition after the carnival.

A petition was read from J. E. Kinsey, Mrs. Anna M. Sharpe, Mrs. Griffith, J. W. and Eva Thorn, G. W. Moore and E. I. Moore asking that certain lands near Oak Lawn Retreat be disconnected from the city.

Mayor Davis spoke in favor of granting the petition, as the roadway there is a great expense to the city for maintenance and cannot be properly kept in repair.

Ald. McGinnis made a motion that the petition be granted and Ald. Higgins offered a second. The passage of this petition would put the matter in shape for an ordinance to be introduced to disconnect the land.

Ald. Doolin and Ald. Moore were opposed to disconnecting any property.

John Cherry was present and said he had forty acres just north of the land referred to which he wished to have disconnected along with this land.

The roll of grants the petition was

All approved claims were ordered paid and officers' reports were received and placed on file.

Ald. Cobb stated that the Illinois Telephone company wished to lease the old engine house on West Morgan street and pay \$120 per year.

The mayor thought that the building should be kept in repair by the lessees and that there should be a provision in making the lease for ten years, that the city have the building back at any time it is needed for city purposes.

A motion to this effect was passed. The board of local improvement announced the completion of the Pine street pavement and recommended that the contractor be paid.

Some back indebtedness on the Caldwell street pavement owed to Dunlap, Russel & Co., was ordered paid.

Ald. Ticknor, for the highway committee, said certain walks on Pine street should be brought to the proper grade.

Ald. Babb, for the fire committee, asked more time with reference to the establishment of a sub-fire department.

Ald. Ticknor, for the light committee, reported that the committee felt that the bids for a boiler at the light plant are too high and suggested that figures be asked in the open market.

The mayor urged immediate action, as the new dynamo is now being installed and no boiler to run it. All things being equal he believed that the boiler should be furnished by home people, that they may make the commission.

Ald. Hildreth made a motion that the matter be referred to the light committee and the mayor with power to act. It was so ordered.

Ald. Ticknor, for the light committee, reported that there should be some larger storing capacity for coal at the light plant.

On motion of Ald. Moore the light committee was given authority to build a shed.

Ald. Kennedy, for the sanitary committee, stated that there is some complaint because the man in charge of the dumping ground now charges \$1.50 instead of \$1 for burying horses. The question of a scale of prices was referred to the sanitary committee to investigate and report.

Ald. Babb asked why the old building on the city lot, which had been condemned long ago, was not torn down.

A motion was carried that Mr. Gordon, owner of the lot, be notified that the city will rent no longer unless the building is torn down.

Mayor Davis said he was in favor of having the city lot used exclusively as such. He thought auctions and sales should be held there instead of on the square. He also thought it would be a good idea to ask transfer men to have their wagons stand there, and for the city to put up a small building there with a telephone so that any transfer wagon can be summoned.

The bond of J. M. Mitchell, who has part of the city coal contract, was approved.

The bond of Richard Murgatroyd, patrolman, was approved.

An ordinance was read providing for a sewer on Wolcott street and it was adopted with the emergency clause.

Ald. Babb introduced an ordinance adding one fireman to the fire department and cutting off six call firemen. He thought the change would be of benefit to the department and said some of the call men do not get to the fires anyhow. He also mentioned that the added man in the department would make it possible for the firemen to take the half holidays which they deserve.

The mayor spoke a word in behalf of the call firemen and said most of them are men who are experienced in their work and have proved of great benefit to the city in time of big fires. Some of these men would be valuable for the regular service if they could afford to give up other work for it. The mayor said he had sometimes thought that it might be a good idea to abolish the call firemen system and use the money to pay the salaries of two more regular men in the department.

Ald. Babb said he had not intended a reflection on the call firemen, but thought the change suggested would be of benefit.

Ald. Kennedy mentioned that if any new man is appointed that he honor John Townine would be considered, as Mr. Townine long served as a volunteer fireman and a few years ago lost an eye at a fire.

The new fire ordinance was adopted without a dissenting vote.

The council then adjourned at 9:40 o'clock.

OFFICERS' REPORTS.

T. S. Russell, treasurer, reported on special funds for balance in fire department fund \$32.14.

The financial statement of the city for the general fund was presented by E. M. Vasconcellos. Amount of warrants drawn since Jan. 1, 1905, \$4,326.72; balance in appropriation, \$5,278.82.

The commissioners of Diamond Grove cemetery, by J. R. Lox and E. B. Bavington, presented a report showing the following figures: May 1, 1905, balance on hand \$1,750.00; total receipts, \$1,127.83; disbursements for three months, \$1,000.00; balance on hand, \$1,877.83.

Report of George H. Dunlap, chief of police: Total number of arrests, 10; 100's, 6; city of Jacksonville, 10; total amount paid, \$10.00; total amount collected, \$10.00; balance on hand, \$10.00.

Report of George H. Dunlap, chief of police: Total number of arrests, 10; 100's, 6; city of Jacksonville, 10; total amount paid, \$10.00; total amount collected, \$10.00; balance on hand, \$10.00.

Report of George H. Dunlap, chief of police: Total number of arrests, 10; 100's, 6; city of Jacksonville, 10; total amount paid, \$10.00; total amount collected, \$10.00; balance on hand, \$10.00.

CHRISTIAN CHURCH LEAGUE.

The Men's league of the Christian church of this city have arranged for a series of lyceum attractions to be given at the church this fall and winter. The contract was closed yesterday with Rev. W. W. Wharton, manager of the St. Louis lyceum bureau and a very low price has been made for the presentation of five first class attractions. The following companies will appear on the program: The Salisbury family orchestra, consisting of ten members; the Knickerbocker male quartet; the Alabama Jubilee Singers, consisting of ten people; Edmund Vance Cook, humorist, who gives readings from his own works, and Reilhofer's Tyrolean Yodlers and Concert company of Bavaria.

Base Ball; Bloomington vs. Jacksonville, Sunday, August 9. Game called at 3.

BROOKLYN CHURCH

Holds Burgoo Picnic at Fair Grounds. Enormous Crowd and Fine Program.

The Brooklyn church burgoo and all day picnic held at the old Morgan county fair grounds Thursday was one of the most successful picnic gatherings that have been held during the summer.

The crowd was a large one and would have done credit to the first day of a fair. There seemed to be an endless line of horses and vehicles tied along the north and extending far down the west fence of the grounds. The amphitheatre was filled with people, upstairs and down, and was turned into a veritable playhouse by the children.

The farmers of the county gathered in groups discussing crops and conditions generally, forcibly reminding one of the good old days of the county fair. The familiar cry of pop corn for the ladies and peanuts for the babies, etc., was heard and the concessionaire did a flourishing business.

The first order of business for all visitors, however, was to sample the burgoo soup made by the veteran artist in that line, Isaac Watson, of Lynnville. Five hundred and ten gallons of this palatable article was made and disposed of. There was always a crowd around the soup maker and his assistants. Over ten kettles were used and after it was made four men were kept busy dipping it out and another set were employed in filling the gallon jars in which a large quantity of the soup was carried from the grounds. The ladies of the church were in no way behind the men in their department and at the soup tables were found willing workers who promptly waited on the army of customers. The crowd was beyond expectations, but no one went away without an opportunity of getting a bowl of the splendid burgoo and from the amount of money received by the treasurer, everyone seemed to have availed themselves of the privilege.

Even the elements combined to make the occasion a success as the weather could not have been more favorable. Great credit is due Mr. Bert Rawlings and Mrs. Peter Hamill for the capable manner in which they directed their able corps of willing helpers and the hearty co-operation on the part of all members of the church was evidenced by the splendid manner in which every department was managed.

The program of races and athletic events was in charge of J. A. Groves and was carried out with unusual promptness. The events and winners are as follows:

Broad jump—First, George Stewart; second, Smith.

Running long jump—First, Smith; second, Todd.

One hundred yard free-for-all race—First, Smith; second, Stewart.

Standing high jump—First, Boston; second, Smith.

Running high jump—First, Stewart; second, Smith.

Three-legged high jump—Won by Todd and Myers.

Three-legged race—Won by Todd and Dodsworth.

Cracker eating contest—Won by Frank Taylor.

Girls' race under 12 year—First, Susie Bowen; second, Kate Hardin.

Married men's race—First, Chas. Mayfield; second, R. Dodsworth.

Fat man's race over 200 pounds and over 35 years—First, George Stice; second, Grant Dickinson.

Shoe race—First, Harvey Taylor; second, Arisman.

Boys' race under 14 years—First, George Lewis; second, H. Taylor.

Pie eating contest—First, Henry Condit; second, Clyde Hamilton.

Pole vault—First, Greenleaf; second, J. DeEnlow.

High kick—First, Stewart; second, W. Stevenson.

Half-mile bicycle race—First, E. Stout; second, E. Rogers.

Pack race—First, Ed Hanson; second, R. Dodsworth.

Tug of war—Won by Greenleaf.

Race backward—Won by Stevenson.

Back jump—Won by Boston.

One mile bicycle race—First, A. Ball; second, W. G. Flinn.

Girl babies' contest—First, Ula Enga; second, Ruth Alma Patterson.

Boy babies' contest—First, Justice Allen; second, Herman William Benson.

Cake awards: Chocolate cake—First, Miss Ethel Craig; second, Miss Lulu Wright.

Angel food—First, Miss Winifred Wackerle; second, Miss Sallie Stacy.

Devil's food—First, Miss Winifred Wackerle; second, Miss Hazel Glenn.

Bread—First, Miss Joe Stacy; second, Mrs. J. S. Peckham; third, Mrs. Dotty.

In the evening a larger crowd than ever was on the grounds, many having come out from the city after the closing of the stores. Around the soup tables people were lined up in rows three deep awaiting their turn. Over a hundred gallons of cream were sold and a neat sum was realized for a most worthy cause.

The people of Brooklyn church feel especially grateful to Superintendent Giltlett of the School for the Deaf for granting them the use of the grounds, to the merchants who generously gave an attractive list of prizes and to all who in any way assisted in making the day such a grand success, and also to the people generally for their liberal patronage.

THE MATRIMONIAL RECORD.

TRUE HARMON.

Willie True, of Litter, and Miss Grace Harmon, of Jacksonville, were married by Squire Arens at 4 o'clock Thursday afternoon.

STOTT'S RICKET.

Jacob Stotts and Mrs. Mary Ricket were married Thursday afternoon at 3 o'clock by Squire Gray at his office. Both are residents of Pisgah, where they will reside.

COULTAS-TANKERS.

Chester A. Coultas and Miss Stella Lee Tankers, both of Winchester, were married by Rev. A. L. T. Ewert at the parsonage Wednesday evening at 6 o'clock. They will reside on a farm near Winchester.

See the Raymond oil burners in operation every morning from 9 to 12 at the offices of the Raymond Oil Burner Co., 107 East Morgan street.

POLICE NEWS.

Chief Dunavan raided Charles Thompson's gambling room yesterday and arrested four besides the proprietor. The latter was fined \$25 and costs in Esquire Reid's court and the inmates were fined \$10 and costs each.

Jeff Taylor and W. Boyd were arrested by Policeman Murgatroyd for drunkenness. W. Massey was arrested by Captain Kennedy and Policeman Fernandes for drunkenness. Truman Duncan was taken in by Policemen Murgatroyd and Powers for drunkenness and carrying concealed weapons.

The night force made a raid on Mrs. Poffenberger's house and arrested her and two inmates.

The night force made a raid on Andrew Weakley's gaming room and arrested Weakley and four inmates.

NOTICE.

Order your hard coal now of Walton & Co. All sizes on hand. The price will be higher later. Both phones No. 44.

AN EVENING COMPANY.

Miss Abigail King very delightfully entertained a company of friends in a most cordial and hospitable manner at her home on West State street Thursday evening in honor of the Misses Prince and Hamilton, of Quincy, who are the guests of Miss Laura McDonald.

The guests were entertained at cards and blind hearts was the game played. The successful prize winners were Miss Bess Smith and John Russell. Miss Smith very graciously gave her prize to Miss Prince, one of the visiting ladies, whose score was second highest among the ladies. Elegant refreshments were served and the evening was indeed a most pleasant one.

Daily Journal 10c per week.

GRIGGSVILLE FAIR

Thursday's Attendance Large—Buck Allen Takes Second Money.

The fair at Griggsville had another big crowd yesterday in spite of the damage done by the storm Wednesday. The grounds have been put into good shape again and everything is in running order.

Two races were pulled off yesterday—the 2:17 pace and the 2:20 trot. In the pace Buck Allen, owned by Frank Lohman, of this city, took second money, winning second, fourth and second places in the first, second and third heats respectively. Little Dan was first and Dulcie R. and Little Minister third and fourth. Best time 2:15 1/2.

In the 2:20 trot, Trexar took first money; Little Sherbert, second; Morida and Reed Bismont distanced. Best time, 2:19 1/2.

Quite a number attended the fair from this city and all report a good day's sport.

COLORED ODD FELLOWS

District Meeting Closed—Great Parade—New Officers Elected.

Thursday marked the closing day of the district lodge G. U. O. O. F. Early in the morning excursionists began to arrive in the city, the first being the East St. Louis delegation, who brought a band from St. Louis. During the morning the band furnished music and met all trains to receive excursionists who came from Peoria, Springfield and Decatur. By noon several hundred were in town and made quite an imposing appearance.

At the morning session of the grand lodge and the Household of Ruth the business of the session was concluded, adjournment being made about 12 o'clock.

After the closing session the parade formed at the hall on South Main street and headed by the band traversed the square and principal streets, afterward proceeding to Maple grove, south of the city, where speeches were made and a delightful luncheon served. The exercises were in charge of Austin Carter, of this city, and began with an address of welcome by Mayor John R. Davis, who was followed by D. Byrd, district grand master, of Chicago, who made the response in behalf of the lodge. D. J. Smith, retiring grand master, then delivered an address, followed by F. W. Rollins, who made the closing speech.

In the evening a public joint installation was held in the South Main street hall in the presence of several hundred persons. After the installation a social time was held, music for dancing being furnished by an orchestra. The evening passed very pleasantly until time to depart, as most of the excursionists returned to their homes last night.

The newly installed officers of district grand lodge No. 9 are as follows:

District grand master—D. Byrd, Chicago. Deputy grand master—H. N. Farrall, St. David.

District grand secretary—C. S. Smith, Paris.

District grand treasurer—Howard Bell, Chicago.

District grand director—W. W. Buchanan, East St. Louis.

The new officers of the district Household of Ruth No. 18 are as follows:

District most noble governor—Mrs. Irene Andrews, Chicago.

District right noble governor—Mrs. Norn Stanford, Peoria.

District worthy reporter—Miss Anna Z. Nelson, Chicago.

District worthy treasurer—Mrs. Mattie Gresham, Galesburg.

District grand director—Miss Emma Ingram, East St. Louis.

The installing officers were Past Grand Master D. J. Smith, of Chicago, and C. H. Clayborn, of Chicago.

The grand lodge and Household of Ruth will meet two years hence in Centra.

A memorial service was held in the A. M. E. church Wednesday evening, at which time the names of several members of the lodges who have passed away were presented. Rev. Mr. Moore, of Chicago, preached the sermon, while Rev. William Moore, of this city, assisted. Music was furnished by a choir. The services were in charge of D. Byrd, of Chicago.

Base Ball; Bloomington vs. Jacksonville, Sunday August 9. Game called at 3.

ENTERTAINED FRIENDS.

Miss Lizzie Delaney, residing on Chestnut street, entertained a company of her friends very happily last evening. Several hours were spent playing various games and afterward refreshments were served, the occasion proving one of great pleasure.

THINKS COW WAS POISONED.

Yesterday a cow belonging to J. P. Hunt died rather suddenly and under circumstances which caused the owner to believe she was poisoned. The animal was in Gordon's pasture on Sandusky street. Mr. Hunt lost another cow in a similar way last year and is much perplexed to understand the cause of it.

LADRONES SENTENCED.

Manila, Aug. 4.—Fifty ladrones who were implicated in recent raids near Surigao, provinces of Mindanao, have been sentenced to long terms of imprisonment.

WISCONSIN BATTLE.

Kansas City, Aug. 4.—A battle of the future, this, called with a flourish at Ellsworth, Minn., and a first round was fought.

CONSUMER MOTOR RATES

Inventor Tells of His Experiments With New Machine.

FASTER RECHARGED THAN THE OLD

**As Much Electricity as Will Send the
Auto Forty Miles Can Be Put in It.
He Says, in Less Than an Hour.
Its Light Weight, Small Size and
Great Mileage, He Claims, Will
Drive Out Gasoline.**

Thomas A. Edison, when questioned recently about the new storage battery which the public has been expecting for over a year, said to a reporter of the New York Times:

"The popular impression seems to be that my new storage battery was more or less a possibility, but that it began and ended there. That is not so. One of them has been in operation for the last few weeks in a delivery wagon of a large department store in New York and is doing all that I expected and claimed for it."

"There is a great deal to be said for the new battery, and all in its favor. It will average more than a third greater mileage for half the weight than will the old lead battery. It has an additional advantage, inasmuch as it can be recharged at a much faster rate than the old battery. As much electricity as will send the motor forty miles can be put in it in less than an hour.

"Ever since I took up this problem of the greater capacity battery I have worked with the idea of using it for street locomotion—in automobiles and street cars. It is the only battery that

trolleys. And now the auto battery is finished. The other day three friends and myself took a trial run to Atlantic City in a car consisting of a Moss frame and one of my batteries. We wished to attain great velocities over rough surfaces, and we succeeded beyond any of our expectations. The idea was to find any defects in either the frame of the car or the battery and motor. The latter two were entirely

successful, but there are a few things which can be bettered in the car.

"My experience shows me that we have much to learn from the French makers—they have been at it longer than we have and are still several years ahead. Several of the auto makers in this country have sent for my battery specifications and are beginning to make types of their machine in which it is to be used.

"I have been experimenting with an electric coach, and it is surprising how well it showed up. We climbed Eagle Rock, where the hill climbing contests are held, with the greatest ease and we did not need to attain our maximum speed.

"We cannot put the new battery on the market in any quantity as yet. The best we can do now is to make one a day. By October we will make at least six daily and about Christmas

at least six daily, and about Christmas we will be in shape to meet any demand. The trouble has been that special machines had to be built. Another disadvantage I have to contend with is paying 40 per cent duty on a certain kind of steel that must be imported from

"This battery will drive all other methods of locomotion out of business and in less than ten years the horrible stench of gasoline on the public highways will be reduced."

"I will be unknown on the public stage, but I will be unknown. As for a lack of reporting stations, that is none of my business. I am a local boy, and I have been installed in the New York state alone, and this is going on all over the country."

"Now you will agree that I can take a car of my own design, fitted with my motor and battery, and go to Chicago and return in less time and with more pleasure than any other machine in existence. There will be no breakdowns, no explosion of gas or gasoline, and the trip will be made at even over twenty-five miles an hour."

"I created this, the motor car."

Another using the battery will be made in four sizes, so that when fully recharged it will run 25, 50, 75 or 100 miles, and if wanted they will be made in any size larger or smaller. Of course the running power of the battery will depend to a certain extent on the work it is called upon to do. If the roads are rough and there are many hills a charge will last a shorter time than if the conditions were such as are found

the conditions were such as are found in the city. But taking the maximum of bad going, the battery will only be exhausted about 25 per cent sooner than it would be under favorable conditions."

In looking up the official test made

Before the books showed that the old lead battery weighed 1,200 pounds and had a maximum of 25 miles while the Edison battery which replaced it weighed 650 pounds and gave the wagon 24.8 miles besides which the old battery occupied 12.3 cubic feet, while the Edison took up only 8.5 cubic feet.

A LONG LABOR STRIKE.
The longest strike on record is not over and not the 2,500 men and boys employed in Lord Penrhyn's slate quarries in Wales went out two and one-half years ago and the settlement of the strike is now a problem to British party politics.

Y. P. A. G. E. has arranged for the erection of a hotel to accommodate 1000 persons.

Admiral Dower and General Miles are the best of friends, but they don't mind "knocking" each other good naturedly. They went down to Mount Vernon together on some holiday when, naturally, there were hundreds of visitors to the old home and burial place of the Father of His Country. General Miles seemed much impressed. He silently contemplated the crowd for a few moments and then said, with feeling:

"What, I wonder, would Washington say if he were suddenly to appear here in the flesh?"

"You mean just at this moment?" asked the admiral, with a suspicious twinkle in his eyes.

"Yes, certainly," answered Miles, a trifle annoyed that his companion had failed to catch the inspiration of his thought.

"I really don't know," said the admiral, whose twinkle by this time had become actually malicious, "unless he asked how you ever succeeded in getting a ship to the west."

Noah Had No Naval Committee.
In one of the Washington departments three officials the other day were talking about President Roosevelt.

"He has always been strenuous," one said. "He has always been a doer, impatient of delay, a foe of dallying. I remember once when he was assistant secretary of the navy some measure or other was in discussion, and he desired to push this measure through; but, as so often happens, there was postponement, there was red tape.

"He arose suddenly one afternoon. The session he was attending had lasted an hour, and nothing whatever had been done.

"Gentlemen," he said, "if the ark had been referred to a committee on naval affairs like this it's my

A Tenor of Wit.
 "Tenors," says Mr. Floersheim in the Musical Courier, "are not usually renowned for wit. There are exceptions, however, and one of them seems to be the Vienna tenor Slezacek, who must be gifted with an epigrammatic style particularly well adapted for the composing of epigrams. One of the Berlin theatre

grams. One of the Berlin theatrical agents recently sent him a wire with an offer for a few appearances in Berlin at a very low remuneration. The telegram said: "Offer you two nights, Berlin Royal Opera, 'Lohengrin,' 'Tannhauser,' honorarium 600 marks (about \$142)!" "Honorary affair?" Whereupon the tenor used the blank from the pre-paid answer by filling it out with the short reply: "Honorary affair secondary affair, money affair principal affair. Slezak."

Mr. Paul S. Fuson, the popular mayor of Lincoln, Ill., writes the following strong indorsement of Re-G-Tonic Laxative Syrup. He says: "I am pleased to say that I have used Re-G-Tonic Laxative Syrup in my family for the past three years and regard it as a medicine of rare excellence for the cure of Constipation, Indigestion and Dyspepsia. The

LIFE PRISONERS EXPERIMENT

Were Sent to Vera Cruz.
That the Disease Is Spread
Animal Parasite in Mosquito
That the Scourge Can Be
Out—Ways to Kill the Pest.
"Yellow fever is now a day

This declaration was made recently by one of the members of Surgeon General Wyman's staff who has followed very closely the work of investigation of the cause and prevention of typhoid fever that was taken up by the scientific departments of the government three years ago. By author-

Surgeon General Wyman a bulletin has been issued from Washington, D. C., which presents an elaborate review of the work done during the past year by the commission of experts sent to Vera Cruz, Mexico, by the United States Navy, to study the typhoid hospital service to study the typhoid fever problem in that case, says the New York World.

As a consequence it is considered by the highest scientific circles in Washington that there is no longer cause to fear an outbreak of yellow fever in those regions south where the disease in past years has wrought such frightful havoc.

Herman B. Parker, assistant secretary of the United States marine hospital service, and Drs. George E. Beyers and O. L. Pothier of New Orleans, gave the credit for demonstrating "reasonable doubt three propositions."

First.—That the cause of yellow

germ or bacterium.

Second.—That the disease is contracted only by the bite of mosquito.

Third.—That only one genus of quitoes, which is classified as *Stegomyia*, is the host of the yellow parasite.

In their work at Vera Cruz the lecanopterists were rendered

and they were by the Mexican government. By direct order of President Diaz three of the principal expatriates from Mexico were assigned to assist investigators from the United States. Also by order of President Diaz the warden of the penitentiary near Yuma, Ariz., met at the diplomatic

experts every life term prison
good health who chose to risk
for his liberty. Four men were
experimented upon, and not
them thus subjected to the disease
his life.

The first experiment was with

never been exposed to yellow fever. He lived beyond the infected belt. A careful examination showed that he was in perfect health. The day following his arrival two mosquitoes known to harbor the yellow fever parasite were permitted to feed upon his left arm.

condition were taken regularly eight hours without noting any action. In the condition of the 1 until the second day. Then a red cell containing four or five of the low fever parasite was found in the morning of the third day.

Counting from the beginning symptoms, it was seventy-four from the bite of the mosquitoes perfect development of the disease

the disease; even to the Black Hills was carefully watched and by the physicians and was brought through the disease and discharged well after about three weeks' treatment. *Sigomys fasciatus* that is known not to be infected with the

man while the disease was in its early stages. In due time, or about two weeks after they had feasted on his blood, they were killed, sectioned and microscopically examined. This examination revealed the presence in them of a parasite that had been found

Experiment No. 2 was on a man about the same age, history and physical condition. In this case mites that were known to harbor the fever parasite were ground up and placed in water, which the man drank. This man was kept under obser-

ment No. 3 blood was drawn in 10 cc. syringes from the arm of experiment No. 1 while the latter was suffering from yellow fever. The blood drawn was injected into the

As a result of this demonstration, the public health and marine hospital service of the United States will henceforth direct its energies and resources toward fighting the *Stomatopoda* menace.

At the United States there will be no more yellow fever here, is the firm conviction of the scientific department of the government. Hereafter steamships and other conveyances that arrive from the United States from foreign ports and with yellow fever will be those that have been quarantined at the port of arrival.

In the course of the discussion, one of your men on board said that unless the Americans put in their will to be immediately removed from the island, the Japanese would not be able to do anything.

the possibility of any liability, which there may be nothing wrong with, and the fact that the company is not a party to the transaction.

A high-contrast, black and white image of a textured surface, possibly a book cover or endpaper. The image shows horizontal lines and a vertical crease, suggesting a folded or layered material. The texture is grainy and uneven, with varying shades of gray and black.

INDICATIONS.

Washington, Aug. 7.—For Illinois: Fair Friday; cooler in northeastern portion. Saturday fair; light to fresh winds becoming variable.

City and County.

Capt. H. W. Hitt and family spent Thursday with relatives at Merritt. E. F. Byrns, of Mt. Sterling, spent Thursday in the city the guest of Allen H. Glasgow.

Prof. W. M. Lewis, formerly principal of Whipple academy, is spending a few days in the city.

Dr. M. H. Goodrick expects to go to Lake Mantanzas to day to spend a day with the Idlewild camping party.

F. G. Dodge, who has been very sick for several weeks, was able to be at his place of business for a very short time yesterday.

Miss Alice Capps will leave Saturday for the east and will sail at once for Europe. Miss Capps will spend the winter in France.

Workmen commenced yesterday to tear up the sidewalk on the north side of the square from the Jacksonville National bank to Tunney's and it will be replaced with concrete.

Mrs. Dr. Bartlett, of Virden, and Mrs. Willard Bartlett and son, of St. Louis, are guests at the home of M. and Mrs. James O. Vosseller on Webster avenue.

Messrs. Montgomery & Deppe are very busy arranging their store, Trade Palace, ready to open Saturday. All their improvements will not be completed then, but the building will be in such condition that they can open for business.

Frank Byrns left last night for Chicago and from there will go to Detroit on business with the well known furriers he represents in Jacksonville. Mr. Byrns has built up an extensive trade in fine furs in Jacksonville and surrounding towns.

John Cherry, Jr., came from Pontiac yesterday morning to spend the day here on business. Mr. Cherry is just finishing twenty-two blocks of paving in Pontiac and from there will go to LaSalle and later to Peru, having large contracts in both of those cities.

John H. Hill recently sold his residence property on Pine street to Mrs.

J. A. Boston, of the Orleans neighborhood, the price being \$3,500. Mr. and Mrs. Boston expect to move in from the country early in September. They will have a very comfortable home, as the house is in good repair and entirely modern.

THE DEATH RECORD.

FERGUSON.

Mrs. Champion Ferguson passed from earth Thursday morning after an extended illness at her home in Eureka Springs, where she has resided for the past two years. The sad news of her death was received by W. L. Simpson, a relative of the deceased, who was informed that the remains would be brought to this city, where the funeral will be held. E. M. Ferguson also received news of the death.

The decedent until recently had made Morgan county her home and for the greater portion of her life resided here. She was 70 years of age and her maiden name was Virginia Harney. In 1865 she was united in marriage to Champion Ferguson and he is left to mourn the sad loss of a wife and companion in all that the words imply. They had no children.

The decedent was a woman beloved by a host of friends, who will feel a deep sense of loss at her death. She was earnest in her church work and was devoted to the interests of the organization with which she was identified. In addition to her husband Mrs. Ferguson is survived by two brothers, Milton Harney and F. M. Harney, of this county.

Upon their arrival in this city the remains will be taken to the residence of W. L. Simpson on North Church street and the funeral will be conducted from the Christian church at 2 o'clock Saturday afternoon.

TURNER.

Walter P. Turner, a former student of Illinois college, residing near Carrollton, died recently in Pasadena, Cal. Mr. Turner was known in college as an especially earnest student. He had been in poor health for a number of years and had traveled extensively in the hope of improving his condition.

DAMAGE AT GRIGGSVILLE.

The wind storm Wednesday did an immense amount of damage on the grounds of the Illinois Valley Fair association. All tents were torn down and nearly every building on the grounds was damaged. Four thousand people were panic stricken and the following were injured:

Boone Stead, 15-year-old son of Charles Stead, Griggsville, right leg and left arm broken and several ribs fractured; internally injured; will die.

J. W. Boyd, Baylis, keeper of an eating booth; leg broken.

Ralph Jones, 14-year-old youth, residing near Barry, leg crushed and hip injured.

HAVE NEW PASTOR.

The trustees of Antioch church, east of the city, have secured the services of a new minister, who will begin his pastorate next Sunday. The new minister is Rev. Mr. French and he comes here from New Bedford with the strongest recommendations for his work, both in and out of the pulpit. He will reside in the parsonage near the church.

JUSTICE COURTS.

In Squire Reid's court Sue Kirkpatrick was fined \$25 and costs for keeping a house of ill fame. Madge Walker, Edna Kinney and Emma Thomas were fined \$10 and costs each as inmates.

CONTRACTORS TAKE NOTICE.

When in need of building brick try the Waverly Tile & Coal Co. prices and quality right on good building brick. Address Waverly Tile & Coal Co., Waverly, Ill.

WILL BE FAST GAME

City and County Officers Will Cross Bats Next Wednesday—The Line Up.

Arrangements have been made for an exhibition at the West Side park on Wednesday, Aug. 12, when a ball nine of city officials will play a game with a team from the court house made up of the county officials. Any one caught practicing between now and that date will be ruled out of the lists and an attempt to sign any "ringers" will mean a forfeit of the game to the opposing team. The line-up gives every indication of a very fast game and the county team has kindly arranged to furnish a full hospital corps by signing Dr. Edw. Bowe and Coroner Reynolds. That law and order might prevail at all times, as substitutes Judge C. A. Barnes, Sheriff Rodgers and State's Attorney Smith will be on hand. Captain Kennedy of the police force will hold down first for the city team and help keep the peace. Following is the line-up:

County officials—Dr. Edw. Bowe, county physician; J. B. Owen, deputy; Frank Vickery, deputy; James Merrill, deputy; Ora Boush, deputy; Charles Graft, county clerk; Frank Baldwin, court stenographer; John Reynolds, coroner; John Clary, county treasurer; as substitutes, James Whalen, Judge Barnes, Sheriff Rodgers, Circuit Clerk Hayden and State's Attorney Smith.

PATRONS FROM ELSEWHERE.

Members of the Driving club are trying to arrange for excursions to be run here from various cities on the dates of some of their matinees. The idea is all right, for if a low rate is secured no doubt a great many people would come to the races and their presence would be of benefit to the merchants, for few visitors would return home empty handed. Jacksonville people have been patronizing lots of excursions to other points and it seems a proper thing to reverse the order and have special rates to Jacksonville. The Driving club will do the merchants a good turn by arranging for one or more excursions.

During the months of July and August the Gas company will deliver within the city limits coke at the following prices: Uncrushed coke 10c per bushel; crushed coke 12c per bushel. This is the best fuel on earth for furnaces and base burners and also for Round Oak stoves. Send in your orders early.

Jacksonville Gas Light and Coke Co.

BRICK! BRICK! BRICK!!! Write the Waverly Tile & Coal Co., Waverly, Ill., for prices and samples of brick. Shipping orders promptly filled.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Oiling and Drying Floors.

In oiling the floor with linseed oil use a half gallon of boiled linseed oil mixed with a quarter of a pound of burned tannin, and rub it on the floor with a large woolen rag. A strong decoction of the inside of red oak bark set with copalum makes a nice dye for floors. After rubbing it in thoroughly and letting it dry rub the floor with a warm brush.

HIS LIFE WAS CRUSHED OUT

ROY BRYSON GROUND TO DEATH BY STREET CAR

Was Riding Bicycle Near the Track and Turned in Front of a Moving Car—Was Terribly Mangled.

One of the saddest accidents that has happened in the city for some time occurred Thursday evening about 6 o'clock, whereby Roy Bryson, a bright promising boy 15 years of age, had his life crushed out beneath an electric car on West State street in front of the residence of Frank Elliott.

The boy was riding a bicycle west on the street and according to the report of those who witnessed the dreadful accident had been riding in the middle of the car track. Just after passing the Park street switch, however, he turned off the track to the south side of the street, continuing near the south side rail. An open electric car No. 25, in charge of Motorman Harry Ballard and Conductor Dan Kelly, was approaching from the west crowded with people returning from the Brooklyn church burgoon at the fair grounds. As Bryson neared the car he suddenly turned his wheel and attempted to cross in front of the car, but was caught and crushed beneath the trucks and machinery, one of the wheels passing over his right foot. The car was emptied in a second and all hands took hold and tilted the car while Conductor Kelly and Conductor McHenry, of the approaching car from the east, assisted by several others, lifted the prostrate form of Bryson from beneath the car and laid him on the grass plot in front of Mr. Elliott's residence.

Dr. Blanche Epler, who is visiting at the home of her parents, opposite the Elliott residence, was on the scene a few moments after the accident happened and Dr. F. P. Norbury had started from his residence a little further down the street, attracted by the crowd, but not knowing that an accident had occurred.

It was evident to the physicians at a glance that the boy was probably fatally injured, as blood was issuing from his left ear, nose and mouth and also from a laceration of the left femoral artery caused by the dislocation of the left femur from the hip joint, which protruded through the groin about four inches. The doctors could find no pulse and their efforts were directed toward stopping the flow of blood and a hurry call was sent to Cherry's barn for the ambulance. In the meantime Alden Brown brought some pillows from his home and Bryson was laid on these.

As soon as the ambulance arrived he was hurriedly taken to Fassavant hospital. Dr. F. P. Norbury, George Stacy and Henry Northrup went along in the ambulance and Dr. Carl E. Black, who had been previously notified, met them at the hospital. Bryson was at once placed upon the operating table, but at a glance the doctors saw that the case was hopeless and before anything was attempted in the way of dressing his injuries death ensued. Bryson made no response to questions that were repeatedly asked him and never regained consciousness from the first, although at the hospital while on the operating table he remarked "Let me down on the ground." A more careful examination of his injuries revealed a deep cut on the head back of the right ear, four inches long, fracture of the left fore arm in two places and also fracture of right hip. His right foot was also crushed and there were also numerous body bruises and internal injuries, the nature of which are not known.

The accident attracted a large crowd, but no one was able to identify the boy and not until after 8 o'clock was it learned definitely who the boy was. Meanwhile Coroner Reynolds had been notified and had removed the body from the hospital to the morgue in the rear of the Anderson undertaking establishment. Shortly after 8 o'clock J. W. Bryson, of 545 North Pine street, in company with B. L. Mather, a neighbor, came to the Anderson undertaking parlors and the former stated that he had been informed his son had met with an accident. When told that the boy was dead a few moments later his grief was pitiful to behold and he sank down into a chair and wept like a child. As soon as he became more calm he went to view the lifeless form in the morgue below, which he at once recognized as his son and here another sad scene was enacted, as he was heard to repeatedly exclaim: "Oh Roy, how did this happen?" Later he was persuaded to come upstairs, where he gathered himself together and with manful courage went to break the sad news to his wife, who was as yet in ignorance of the death of her son.

Until last evening Mr. and Mrs. Bryson were the justly proud parents of a bright promising boy, who made friends with everybody and who was industrious and faithful in every duty. He had been employed during the summer months by Pastor Ritter, west of the city, where he helped him as a boy and then he came to Jacksonville.

grief stricken parents, but he will be missed as a genial companion and friend among a wide circle of associates.

Coroner Reynolds impaneled a jury as soon as the identity of Bryson was established, composed of the following persons: Edward Bogie, foreman, Charles Sanders, C. F. Corrington, L. P. Owen, John Carroll and Orlando Baxter, clerk. The jury viewed the remains and then took an adjournment until 9 o'clock this morning, when they will meet at the court house and hear the testimony of witnesses to the accident.

The arrangements for the funeral have not been completed.

IN PRESENT QUARTERS

Postoffice to Remain in Duncan Building for Five More Years—Lease Signed.

Through Supt. Guy T. Gould, of Washington, in charge of the government buildings in the western division the present quarters of the postoffice in the Duncan building have been released for a period of five years, dating from Aug. 1, 1903.

The new contract calls for substantial changes in the present interior arrangements made necessary by the increased rural business. The contract for this work has been awarded to Robert Gonsalves and the remodeling will begin at once. The present fixtures will be removed to the opposite side of the building and an extension of the room will be made to the north, taking in fully half of the space now occupied by Henry McDonnell. New carrier cases will be installed and a swing room will be provided, which will be greatly appreciated by the carriers. A metal ceiling will probably be another interior improvement and the whole interior when completed will be freshened up with new paper and paint.

At the same time the new lease was made in this city a lease for the same length of time was signed for the Decatur postoffice and as both Jacksonville and Decatur have experienced trouble in satisfactorily clearing up the title to the property selected for their public building sites it is presumed that action in the premises was taken for this reason. It does not mean, however, that Jacksonville and Decatur will not get their public buildings or that there will be a reopening of the contest for location, but it certainly does mean that the postoffice in the public building will not be installed for five years.

Picking Winners.

GLOSS LAUNDRY SOAP

There is no other soap so pure as the Gloss Laundry Soap; none other so good. It is not the cheapest, but the best. Once tried it is always used. You are invited to call and see us about it.

ZELL'S GROCERY

ALL OVER THE HOUSE.

Some Suggestions as to the Care of Kitchen Utensils.

Wooden spoons, which are a great boon to the housewife, should be scrubbed with a brush and dried in the sun. The habit of placing wooden utensils in dishwater and letting them soak brings ruination in its wake, and drying them in the range warps them and renders them unusable if not entirely useless.

Wash the clothes hamper with a solution of salt water, using a fresh brush. Rinse in clear water and dry in the shade.

Brooms will last longer and perform their service better if occasionally dipped in boiling water and left to dry in the open air. The broom should stand in the water until it cools, as the fiber absorbs the moisture and is thereby rendered less brittle.

Wooden bowls if rubbed thoroughly with glycerin until they are sealed will not crack. If washed in a hot solution of bicarbonate of soda and dried in the open air the unpleasant odor which sometimes attends them will be removed.

Old Smoker

Old Smoker Little Monarch Gold Leaf Vaneta, 10c JACKSONVILLE CIGAR CO.

SELIGMAN BEOS.

GRAVEL SPRINGS WATER The Purest And Most Popular.

This water is so pure it will not change color like other spring water, nor has it a foreign taste by standing in a jar.

We also handle a full line of Cof and Tons at reasonable prices.
